We do not know what the Lord will call our children to do, but we know that we are called to equip them for every good work. Teaching your children to be able to speak is an important part of their training and competitive speech and debate motivates students to push themselves in areas that they might have otherwise thought impossible.

Through NCFCA, local speech and debate clubs provide coaches and parents to work with students, instructing them in how to communicate and debate as well as providing a forum for practicing and honing their skills.

The two debate events are Team Policy and Lincoln-Douglas and teach the students logic and reasoning. There are also 10 speech events involving apologetics, impromptu, interpreting literature and discussing current events. We believe that speech and debate provides life changing skills that help students share the gospel and stand for Truth and freedom.

The **Regional competition for the National Christian Forensics and Communications Association** (NCFCA) is scheduled for **Renton on April 14 - 17, 2010**, and is a wonderful opportunity for you and your family to experience speech and debate first hand. The upcoming Regional Tournament will draw over 200 students from 7 states who will be competing for the opportunity to attend the National Tournament in Virginia.
